The performance quoted herein represents past performance. Past performance does not guarantee future results. The investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost, and current performance may be higher or lower than the performance quoted. For performance data current to the most recent month end, please visit www.hancockhorizonfunds.com.

The advisor has contractually agreed to waive fees and reimburse expenses until May 31, 2018. In the absence of current fee waivers total return would be reduced. The advisor is executing its ability to recapture management fees. The expense ratio above does not reflect the ability of the advisor to recover all or a portion of prior waivers, which would result in higher expenses for the investor. This option is available contractually to the advisor until May 31, 2018.

Fund returns include change in share value and reinvestment of distributions, unless otherwise indicated.

Carefully consider the Funds' investment objectives, risks, charges and expenses before investing. This and other information, including performance, can be found in the Funds' summary or full prospectus, which may be obtained by visiting <http://www.hancockhorizon.com/FundInvestors/> or by calling 1-800-990-2434. Please read the prospectus carefully before you invest or send money.

Mutual fund investing involves risk, including possible loss of principal. There are specific risks inherent in investing in small-cap and micro-cap companies. Small-cap and micro-cap companies have a higher risk of failure and typically experience a greater degree of volatility. Investing in micro-cap companies may not be appropriate for all investors. Please read the prospectus carefully to obtain a complete understanding of the risks. There is no guarantee the fund will achieve its stated objective.

Diversification may not protect against market risk.

Active Share is a measure of the percentage of stock holdings in a manager's portfolio that differ from the benchmark index.
